I am autistic.

Hello. My name is Kim Clairy. I know I must go through the security line and cooperate with all security procedures. I am autistic. The security line is sometimes overwhelming for me. (Standing in lines causes me anxiety/I become confused when I have to move all my things around/I need extra time to put my things on the conveyor, walk through the metal detector, gather my things on the other side. I need instructions repeated several times slowly.). Could you please accommodate me (by escorting me through the line/allowing me to go the head of the line /allowing me extra time to go through security/explaining instructions to me slowly.

My name is: Kim Clairy

I have an Autism Spectrum Disorder (ASD). This is a social/communication disability.

Because of my disability:

- I may have difficulty making eye contact.
- I may not be able to understand or comprehend your questions.
- I may have trouble expressing myself, but I can write/text.
- I am very sensitive to noise, touch, and light.
- Do not assume this alone constitutes suspicious behavior.

I would like to cooperate. To help me please:

- Clearly identify yourself.
- Avoid touching me or restraining me, if possible.
- Talk slowly, directly and use concrete, clear language.

I may:

- Speak too loudly, too softly or with unusual intonation.
- Be sensitive to loud noises and flashing lights.
- Be nervous and/or overwhelmed.

Here are some ways to help me:

Please speak plainly, clearly, and concisely. Do not touch me unless it is necessary or I initiate it. Explain things in advance whenever possible, and do not take me by surprise. Be patient if I have difficulty understanding you or remembering recent information. If I seem upset or unable to think clearly, allow me time to myself until I can recover on my own. Understand that my issues may or may not be immediately apparent. Thank you!
